Standard features

Rice warmers keep rice hot for serving from a convenient location. They may be located near servers leaving the rice cooker in the kitchen to cook the next batch of rice. The stainless steel hinged cover and insulated body ensure the rice is kept fresh. Rice warmers hold cooked rice hot for up to 12 hours. The cover lid seals on to a snug fitting removable non-stick coated aluminum pot. NSF listed to hold hot, cooked rice at 150° F+. Not intended for rethermalizing cold food. Product features include pilot lamp in the cover and thermostatically controlled 100 watt elements. 6 month mail in warranty, effective from Town's date of invoice.
