## WATER BOILERS

- 120V, 8-LITER WATER BOILER**
- 120V, 10-LITER WATER BOILER**
- 120V, 18-LITER WATER BOILER**

Our water boilers are made of durable, stainless steel construction. These units feature an adjustable exterior thermostat (95°-205°F/35-96°C), allowing the selection of the proper water temperature for any hot beverage, and brewing different varieties of teas. Provides a cost-effective alternative to other manufacturers products. Unit makes, and holds, hot water for up to 8 hours. Town's water boilers are covered by our 3-month limited warranty.
