**TOWN FOOD SERVICE EQUIPMENT CO., INC. RECALLS ALUMINUM SAUCEPANS
BECAUSE OF POSSIBLE HEALTH RISK**

FOR IMMEDIATE RELEASE

DAVID SOOHOO & JOSH PAVLOVICH, RECALL@TOWNFOOD.COM, 718-388-5650

12/12/2025

Town Food Service Equipment Co., Inc. of Brooklyn, NY is recalling aluminum saucepans, because it has the potential to be contaminated with lead (Pb) which may leach into food. Lead is toxic to humans and can affect people of any age or health status, and there is no known safe level of exposure to lead. Even low levels of lead exposure can cause serious health problems, particularly in children and fetuses. Consuming food with elevated lead levels can contribute to elevated levels of lead in the blood. Children and babies are more susceptible to lead toxicity due to their smaller body size, metabolism, and rapid growth. At low levels, children may not have obvious symptoms but can still experience trouble learning, low IQ, and behavior changes. At higher levels of lead exposure, people may experience fatigue, headache, stomach pain, vomiting, or neurologic changes.

The saucepans being recalled were distributed in AL, AR, AZ, CA, CO, FL, GA, IL, KY, LA, MA, MD, ME, MI, MN, MO, MS, NC, NJ, NM, NV, NY, OH, OK, PA, RI, SC, SD, TN, TX, UT, VT, WA, WV, Puerto Rico and Quebec City, Canada through its network of authorized food service equipment dealers, which include retailers, between January 1, 2023 and November 30, 2025.

The 4 sizes of aluminum saucepans being recalled have capacities ranging from 1 quart to 3 quarts, have indented graduations on the interior, and a plated steel handle riveted to the body. The pans, boxes, or bags the pans are packed in may be marked with one of the following item or SKU numbers.
